

Wristband Policy

Urban Cheer UK operates an entry by ticket only policy to ensure the safety and welfare of all organisers, competitors and spectators.

Your dance school will require an entry wristband for ALL staff, competitors AND spectators, although children under 3 years of age will be allowed entry free of charge.

During the run up to Urban Cheer UK events, we may contact you by direct email to gain an update on your initial estimate of wristband numbers and may use the update as provisional in our planning. This may result in other dance schools being unable to attend and compete so we request that your update is as accurate as possible.

Wristband prices from April 2023 are £17.50

Bronze members receive 50p cash back on each wristband
Silver members receive £1 cash back on each wristband
Gold members receive £1.20 cash back on each wristband

Wristband orders should be submitted no later than the entry deadline date. Wristbands will not be sent out until payment is received. Full payment must be sent before the event. Entry will be denied if payment hasn't been received.

Regrettably, no-one (unless under the age of 3) will be allowed to compete or spectate without a wristband and venue access will be denied.

On the day of the event, there MAY be Late Entry Wristbands available for spectators to purchase and gain entry. However, this will depend on availability and venue capacity. Urban Cheer UK cannot guarantee this and therefore the only way you can be sure of admission is to advance purchase your tickets.

Please note that wristband orders are non-refundable and dance schools should take care to ensure that they do not over purchase.

In the unlikely event of the competition being postponed or cancelled due to any unforeseen circumstances then all orders will be refunded in line with your consumer rights.
